

TRUST. ELEVATED.

You're only as safe as the company you keep.

Fall Protection is All We Do

Our mission is to design, test and manufacture the most trusted fall protection products and to provide expert training and support. **Period.**

Our Vision is to lead the way in providing fall protection solutions through unmatched product development, training, and customer support.

Class 1

ANSI Z359.14.-2021

Class 1 Devices are non-leading edge and designed for at or above D-Ring tie off

FT-One™ Harnesses

The patent pending FT-One™ harness is designed for total comfort while also built for the toughest jobs. It sets the bar high with the next generation of light weight, infinitely adjustable, and comfortably annoyance-free harnesses. The FT-One™ gives you the freedom to work at your best without soreness or fatigue.

11' Web FT-X™ SRL

The 11' Web FT-X™ Class 1 SLR is both light weight and durable engineered for people who will not compromise on safety, compliance, or efficiency when working at height.

Class 2

ANSI Z359.14.-2021

Class 2 Devices are approved for leading edge and designed for down to 5' below D-Ring tie off

FT-Iron™ Harnesses

The patent pending FT-Iron™ harness provides all-day comfort and all-out strength. Tough enough for ironworkers, the FT-Iron™ is lightweight, durable, and comfortable for any trade all in one rugged harness.

FT-X™ EdgeCore™ SRL-P

The patent pending 8' FT-X™ EdgeCore™ Class 2 SRL-P is superlight, comfortable and engineered for those who do not compromise on safety, compliance, worker comfort, and efficiency when working at height.

Body Wear

When it comes to your fall protection equipment, there's nothing more personal or essential than your full body harness.
